There's a large selection of clothes for both male and female Sims, and your Sims will look so stylish once they're dressed in Rusty's content.OnyxSimsIt seems unfair that we dress up our adult sims and totally neglect our toddlers. Her lots are super cute, creative and fun. Page 6 TSR CC Manager As a VIP member, you can One Click download, install and manage your custom content fast and easy with the TSR CC Manager. They've made a ton of historical content for The Sims 4 and have clothing for both male and female Sims.Rusty NailRusty has been making CC for a long time. They're my favourite ones and they look great in the game.Grim CookiesGrim Cookies is another jack of all trades. Especially, because maxis clothes art so basic and for females never fit the figure right. HairThe following websites are great places to download custom hair for The Sims 4.LumiaLoverSimsOne thing The Sims 4 needs more of is hair for male and ethnic Sims. It's a handy site, as well, as everything is indexed by tags. I absolutely despise default replacements, because I want to still be able to use maxis sometimes for certain sims challenges or looks. I've used their Life in Pixelcolors set in almost all of my houses, in all of my games. Plasticbox is one of the best CC creators on MTS at the moment!The Sims ResourceThe Sims Resource is not my favourite anymore (back in TS2 days, it was the premium site for content) as most of the stuff there isn't Maxis-match and they use way too many ads, but it's still worth mentioning for the sheer amount of You can find him. The site owner/creator, Sandy, has been making content for Sims games since The Sims 1. You will find a lot of stunning CC hair here! SimLaugh Love If you ever wanted some braids, horse tails and cute updos, do not look more than SimLaughLove's downloads.
